

# Why choose a Reach2 school?

## Supporting the journey to school improvement

All new schools that were opened by Reach2 were judged **Outstanding or Good** from their very first Ofsted inspection.

Our family of schools are supported by a dedicated central team. Together, we are committed to school improvement and providing *exceptional opportunities for every child!*

83% of our schools joined us with an existing ofsted rating of Requires Improvement or Inadequate. The same number are now Outstanding or Good!

School Improvement

Life experiences

Life is an adventure and school should be too! From sleeping under the stars to riding a large animal, we want every Reach2 child to have a memorable experience with us.

"Current leaders, with the excellent support provided by the multi-academy trust (MAT) leaders, have created a school with high standards, where pupils achieve well."
