

Please see below an overview of the content and vocabulary that will be taught this half term in each year group as part of our PSHE and RHSE curriculum.

Puzzle overview	YFYS	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
	In this Puzzle, children learn about their bodies: the names of some key parts, as well as how to stay healthy. They talk about food and that some foods are healthier than others. They discuss the importance of sleep and what they can do to help themselves get to sleep. They talk about hand washing and why it is important. The class also discuss ‘stranger danger’ and what they should do if approached by someone they don’t know.	In this Puzzle, the children learn about healthy and less healthy choices and how these choices make them feel. They explore about hygiene, keeping themselves clean and that germs can make you unwell. The children learn about road safety, and about people who can help them to stay safe.	In this Puzzle, the children learn about healthy food; they talk about having a healthy relationship with food and making healthy choices. The children consider what makes them feel relaxed and stressed. They learn about medicines, how they work and how to use them safely. The children make healthy snacks and discuss why they are good for their bodies.	In this Puzzle, the children learn about the importance of exercise and how it helps your body to stay healthy. They also learn about their heart and lungs, what they do and how they are very important. The children discover facts about calories, fat and sugar; they discuss what each of these are and how the amount they consume can affect their health. The children learn about different types of drugs, the ones you take to make you better, as well as other drugs. The children consider things, places and people that are dangerous and link this to strategies for keeping themselves safe.	In this Puzzle, the children look at the friendship groups that they are part of, how they are formed, how they have leaders and followers and what role they play. The children reflect on their friendships, how different people make them feel and which friends they value the most. The children also learn about smoking and its effects on health; they do the same with alcohol and then look at the reasons why people might drink or smoke. Finally, they learn about peer pressure and how to deal with it successfully.	In this Puzzle, the children investigate the risks associated with smoking and how it affects the lungs, liver and heart. Likewise, they learn about the risks associated with alcohol misuse. They are taught a range of basic first aid and emergency procedures (including the recovery position) and learn how to contact the emergency services when needed. The children investigate how body types are portrayed in the media, social media and celebrity culture. They also learn about eating disorders and people’s relationships with food and how this can be	In this Puzzle, the children discuss taking responsibility for their own physical and emotional health and the choices linked to this. They learn about different types of drugs and the effects these can have on people’s bodies. The children learn about exploitation as well as gang culture and the associated risks therein. They also learn about mental health/illness and that people have different attitudes towards this. They learn to recognise the triggers for and feelings of being stressed and that there are strategies they can use when they are feeling stressed.

						linked to negative body image pressures.
